

## What Comes with a Subscription to Super Star Online

When we first released Super Star Online in 2008, we offered 8 courses. Today, a subscription to Super Star Online comes with up to 22 courses. Our price in 2008 was \$4 per user, per year. Sometime we did charge extra to add courses to the package. Today, our price is still **\$4 per user**, per year (25 users minimum) and all of our courses are included in any subscription to Super Star Online.

In 2008, all of our courses required a browser that included the Flash plug-in. Most of courses still require the the Flash plug-in, but we now have five courses for students and two courses for teachers that do not require the Flash plug-in.

In 2008, our focus was on bringing high quality educational courses to schools that made learning fun and easy. That is still our focus and our motto is: "**Your kids will love learning with Super Star**". We believe that once kids have a solid educational foundation and a love of learning, they will have a great chance to succeed in school and in life.

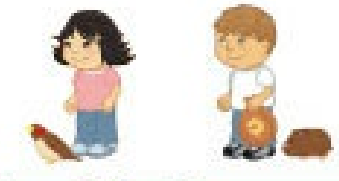

We are very proud of what we have accomplished and the courses that we offer. We are also very thankful for our many customers who have continued to subscribe to Super Star Online since 2008. We are proud of the role we have played in helping kids learn to read, helping kids learn math skills, helping kids learn to solve problems and helping kids learn.

We are also very thankful for those teachers who use our courses on a regular basis and have learned to make Super Star Online an important component of their instruction. We are thankful for those teachers who have taken the time to learn some of our advanced features and those who look and use the reports that we have available to them.

Most of all, we want to thank all the teachers who go the extra mile for their kids. They look for ways to get and keep their kids' attention by making sure that learning is fun. Thank You! Thank You! You are truly Super Stars!

Below a list of our courses by recommended grade:

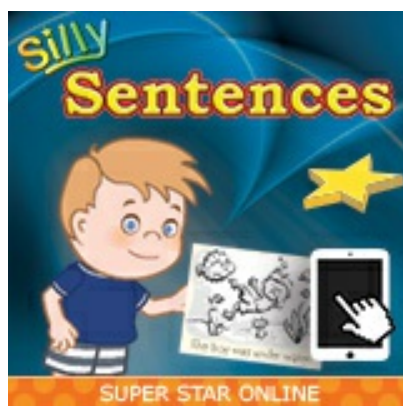

## Common Grade Levels for Super Star Online Courses:

Grade	Course Titles
<b>Pre-K</b> 	Letters and Numbers Silly Pictures *
<b>Kindergarten</b> 	Letters and Numbers Silly Pictures * Beginning Reading with Phonics * Silly Sentences * Phonics 1a - Vowel Sounds * Phonics 1b - Consonant Sounds * Spanish 1a with Phonics Inglés 1a con Fonética

### Silly Sentences now available in HTML5

As promised, [Silly Sentences](#) is now available in HTML5, which means that it can be used on Android or iPad tablets. See the article below from last month's newsletter about our apps which make it easier to use our HTML5 courses.

We are now working on converting Phonics 2a.

**Super Star Online app - iOS & Android - (repeated )**

This is a reminder that we now have a free Super Star Online app for Android and iOS. You can also use our link from our web site at <http://helpme2learn.com/school/apps> to download our iOS app or Android app.

The purpose of this app is to make it easier for young students to access our courses when using an iPad or Android device. This app allows you to enter the unique identifier (the last part of the URL or link for you Super Star Online subscription), the students user name and password and save it. Next time the student (or teacher) opens the app, they can go straight to their courses. This app can be used at school or home.

**Important** - Please note that these apps only work on our **HTML5** courses and will not work on our Flash courses. We are working on converting all of our courses to HTML5.

**Our HTML5 courses are:**

- Silly Pictures
  - Beginning Reading with Phonics
  - Phonics 1a
  - Phonics 1b
  - Silly Sentences
- 
- **For Teachers**
  - Teachers and Admins Resources
  - Super Star Movies

The Super Star Online app does require a subscription to Super Star Online.

All HTML5 courses have a tablet icon on the bottom right of the course icon (see picture on left).

These apps do require a subscription to Super Star Online

---

## World Record Speed Round Challenge

Several months ago, I announced the World Record Speed Round Challenge added to Phonics 1b. Our original idea was to let our kids in the USA compete against our kids in China or other countries. We weren't able to connect the servers to capture the scores, so I had to go in and manually do that. As of now, here are the scores.

We have a number of customers in China who are using Super Star Online to learn English and they are doing a great job with the speed rounds.

Congratulations to our winners in the USA. I will capture these scores again on June 30 and announce the final winners. In July, all the scores will go back to zero and we will start fresh. Your kids still have time to earn the world record.

I am thinking of maybe offering some prizes, but haven't figured that

out yet. One concern that I have is that the kids scores are coming from kids who are in the recommended grades for Phonics 1b and not from the higher grades. I would love to have any of your comments about the World Record Speed Round Challenge [dan@helpme2learn.com](mailto:dan@helpme2learn.com) .

World Record Challenge	World Record - USA	Score - USA	Score - China
Consonants 'BCDF'	Alex Tahmzyan	26	33
Consonants 'GHJK'	Cole Williams	21	34
Consonants 'LMNP'	Brandon Stark	24	37
Consonants 'QRSTF'	Noah Knight	26	37
Consonants 'VWXYZ'	Alex Tahmzyan	22	36
Consonants 'B-N'	Karapet Keshkaryan	29	37
Consonants 'P-Z'	Sophia Yeroomian	33	37
Middle of the Words	Karapet Keshkaryan	36	39
Sight Words	Gannon Glover	36	43

### Need a Quote?

If you need a written quote, I would be happy to provide one for you. Send me a request for a quote to: [dan@helpme2learn.com](mailto:dan@helpme2learn.com) . Let me know if I can help in any way. We appreciate your business.
