Advantages of Super Star Online by Help Me 2 Learn

- **Engaging and Fun** - Students love learning with Super Star and commonly prefer Super Star over all others
- **School and Home Use** - Students may have access to the Super Star Online anywhere they have access to the Internet
- **Engaging Variety** - We offer a wide variety of lesson based content (games, songs, stories, interactive animations and activities) to engage students and keep them interested and motivated
- **Super Star Motivational and Data Tracking System** - students earn silver and gold stars as they complete each lesson. Their progress is tracked and displayed on the "Super Star" page which not only keeps track of their progress, but makes the learning a game within a game
- **Ease of Administration** - Using our Online service makes it easier for the school's IT department as there is nothing to install and the subscription can be administered remotely
- **Pretests, Posttests and Reports** - Our tests are designed to measure student progress and achievement. Our easy to read reports are available for usage, placement and performance
