**Super Star** by Help Me 2 Learn

On CD-ROM, NETWORK, or ONLINE

## Saving Teachers' Time

We are always looking for ways to make Super Star Online better. Recently, a teacher mentioned that she found it time consuming to print Super Star Certificates of Achievement for her students. So we made it easier, much easier.

We added a new **star print button** to the class progress report of each of our courses. This means that a teacher can login to their teacher account and from the Class Progress Report they can print Super Star Certificates of Achievement.

On the Class Progress Report screen you will not only see the progress of the students in your class, you will see a "Print" button when a student has completed all of the silver or gold stars for that course. Click on the "Print" button to print a certificate of achievement for that student.

To access the Class Progress Report:

1. Login using your teacher account (this is not available to the site administrator)
2. Click on the course you want to use
3. Click on the Teachers & Admins button on the contents or main menu screen
4. Click on Student Management
5. Click on the Class Progress Report button
6. You should see a screen that looks similar to the one below

**Note:** If you don't see this screen or any of the other buttons, it may be that you are in our HTML5 version that does not have this feature yet. We are working on updating the Student Management section of our courses and these should be available very soon.

Student Management		Phonics 1a		Class Report:		Print
Student Names		Program Progress	Total Time	Silver Stars	Gold Stars	Speed Round Points
Super Star.019	<a href="#">Details</a>	0%	0 min	0 / 25	0 / 25	0
Dan 5 Star.018	<a href="#">Details</a>	0%	0 min	0 / 25	0 / 25	0
Super Star.016	<a href="#">Details</a>	0%	0 min	0 / 25	0 / 25	0
Super Star.015	<a href="#">Details</a>	0%	0 min	0 / 25	0 / 25	0
Super Star.013	<a href="#">Details</a>	0%	0 min	0 / 25	0 / 25	0
Super Star.012	<a href="#">Details</a>	0%	0 min	0 / 25	0 / 25	0
Super Star.011	<a href="#">Details</a>	7%	4 min	2 / 25	2 / 25	0
Dan Star.010	<a href="#">Details</a>	0%	0 min	0 / 25	0 / 25	0
Super Star.009	<a href="#">Details</a>	85%	47 min			42
Super Star.008	<a href="#">Details</a>	11%	11 min	3 / 25	3 / 25	22
Super Star.007	<a href="#">Details</a>	85%	72 min			43
Super Star.006	<a href="#">Details</a>	5%	11 min	2 / 25	1 / 25	0

Our Games of Math courses offer a Certificate of Achievement when students have completed all of the levels of each game and an overall certificate when they have completed all of the games to the Gold Star level.

## CD-ROM, Lab & Network Versions

I am announcing that as of December 31, 2018, we plan to discontinue offering CD-ROM, Lab & Network versions of our products.

## Family Literacy via Barbara Bush

Former First Lady Barbara Bush was remembered for many things. Her work to promote family literacy was among the top of the things she was remembered for. It was her main cause as first lady.

We are honored to work with hundreds of teachers, administrators and literacy professionals who share her commitment to literacy. These professionals work in the trenches daily teaching reading and writing skills to their students. They are not only promoting literacy, they are delivering the skills needed to become literate.

We are also very proud of the students that use our courses to improve their reading and writing skills. Our goal has always been to help develop a love of learning and to make learning to read easy and fun. We are especially thankful to those who share our philosophy and make our courses available to their students. We

appreciate those teachers who make their classrooms a place where learning to read is engaging and fun. We also appreciate parents who believe they share a responsibility for helping their kids learn to read, so they read books with their children on a regular basis.

We are all working together to promote and provide literacy.

## www.Clever.com

At the recommendation of one of our premier districts, we can offer our districts and schools the advantages of Clever, beginning July 1.

**Single Sign-in:** Clever offers the ability to for students to sign-in one time and to be able to access apps from different developers without having to sign-in again to each app. While we know that Super Star Online is the students and teachers favorite app, we do understand that some schools use other apps as well. Clever makes this easier and even offers a badge for young students.

**Secure Sync:** Clever also offers a system of data upload and synchronization without an import. There are also several reports and data analysis that can be done from within Clever.

There seems to me much more that Clever offers and we are still learning about those features. We will keep you updated. You can learn more about Clever at [www.clever.com](http://www.clever.com).

If you have any interest in using Clever with Super Star Online or if you are already using Clever or another single sign-in application, please let me know. [dan@helpme2learn.com](mailto:dan@helpme2learn.com)

## Need a Quote?

If you need a written quote, I would be happy to provide one for you. Send me a request for a quote to: [dan@helpme2learn.com](mailto:dan@helpme2learn.com) . Let me know if I can help in any way. We appreciate your business.

---

An illustration of diverse children engaged in various activities. On the left, a group of four children (two boys and two girls) are gathered around a stack of colorful books, some are reading. On the right, three children are shown in motion: a boy running, a girl riding a bicycle, and a boy on a skateboard. The overall scene is bright and positive, representing active learning and play.
