

Suggestions for the New School Year

For many of you, it is only a few weeks into the new school year. Here are some suggestions:

1. Create a link on your school web site for Super Star Online. Do anything you can to make it easy for the kids to login at home or school. We have some apps that might help with that at: <https://helpme2learn.com/school/apps> .

Another way to make it easy for the kids to login is to use Clever. Clever features Clever badges to help young students login. Contact me if you are interested in learning more about Clever <https://clever.com>.

We also suggest that you send a letter home with your students, to introduce Super Star Online to your parents and give them the login information. We have sample letters to parents available at: <https://helpme2learn.com/support/faq> . We do understand that some homes may not be equipped to access Super Star Online. This is becoming less of a problem. Many of our courses can be accessed from a cell phone or tablet.

2. Make use of our pre-tests. For those who are not familiar with our courses, there is a Pre-Test Post-Test button on the main menu of each course. Our pre-tests and post-tests are meant to give you a measurement of what students have learned from our courses. Ideally, the pre-test should be given near the start of the school year. The post-tests should be given when a student completes the lesson or the course.

The pre-test will also help determine whether the course is appropriate for the student. If a student scores very high on a pretest, the student should be move to a higher-level course, where the student should take the pretest for that course. If the student scores very low, the student should be moved to a lower level course.

How much you want to use our pre-tests and post-tests will depend on how important it is to you to track student progress using Super Star Online. We realize that some of you have many required tests and you do not need to add more tests.

The tests results can be viewed from a teacher account for the class. Click on the course and then the Teachers & Admins button, and then click on the Student Management button (unless you see the Class Testing Report button).

3. Review or become familiar with our "Teacher Features" from the Teachers & Admins course found in Super Star Online or from the support page of our web site: <https://helpme2learn.com/support/faq> .

For those who do not have a subscription to Super Star Online, you can view our Teachers and Admins course from <https://superstar.hm2l.com/teach> , User name: teach, password: star. This course has videos and written tutorials to help with all the many features of Super Star Online. We pride ourselves in making our courses easy to use for both student and teachers, so many of these features are optional.

4. If you have any questions or need any help, please feel free to call me at 800-460-7001. Please call between 9AM PDT to 9PM PDT.

5. I will be presenting a live webinar at 11AM PDT on Tuesday, October 8th.

Join from PC, Mac, Linux, iOS or Android:

<https://meetings.ringcentral.com/j/1494611420>

Or iPhone one-tap :

US: +1(773)2319226,,1494611420#

Or Telephone:

Dial(for higher quality, dial a number based on your current location):

US: +1(773)2319226

Meeting ID: 149 461 1420

Please join me. I will cover some of optional teacher features and answer your questions. You may need to download the RingCentral software before joining, so start a little early. Please send the link to others who might want to learn more about Super Star Online, everyone is welcome.

Bonus: Music Video

Unrelated to the Help Me 2 Learn Company and Super Star Online, I recently published a music video on YouTube called: "**Goin' ta Vegas**". You can view this at: <https://youtu.be/gFBs2xYpkf8> .

I hope you enjoy it! Please feel free to share it.

60-day Free Trial

If you know of a teacher, a school, or a district that could benefit from Super Star Online, please forward this e-mail to them. We normally give a 30-day free trial to schools. For those who get our e-mail newsletter and their friends, I am offering a 60-day free trial of Super Star Online with all our courses.

Just send your request for a 60-day free trial to dan@helpme2learn.com or call 800-460-7001.

Past Newsletters

You can find our past newsletters
